

### Art

In Art lessons, we will be exploring artists like Degas. We will learn about different techniques and skills they use to express their ideas. After that, we will use these skills to create detailed pen and ink drawing.

### British Values

We will have a whole day where we explore British values linking it to the Olympic ideals.

### ICT

In this activity the children will be introduced to the world of Augmented Reality (AR). They will then be set the task of designing and creating a game that uses AR.

### Maths

In our maths lessons we will follow the curriculum with a particular focus on mastery through applying and problem solving. The Year Six children will be very busy in the run up to their SATs tests and will be consolidating their skills both in class and on a range of online tools.

### Novel Study

Bodripty - Harry Potter and the Prisoner of Azkaban.

Bosigran - Waiting for Anya

Kenidjack - Room 13

### Science

In Science our first topic will be Evolution and inheritance. We will look at how organisms have changed over time. We will learn how they have adapted to suit their environments and these changes have led to evolution. After half term we will look at materials, what they are made from, what qualities they have and how they can be physically or chemically changed.

### Healthy Mind, Healthy Body Final Outcome - Healthy Lunch Service for Staff

### Outdoor Learning

We will be taking advantage of the outdoor spaces as much as possible to help us understand how our world is changing. We will learn about the threats our planet faces and discover ways that we can make a difference.

### R.E.

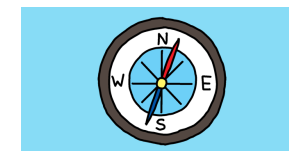

In RE this term we will be looking at Christianity and its roots. We will investigate Jesus, find out who he really was and how his teachings spread throughout the world.

### Music

In Music we will be building on our musical skills, using Music Express to improve our knowledge of beat, rhythm and pitch.

### Geography

In Geography, we will be starting off with an orienteering challenge which will introduce the concept of compass bearings and grid references. We will then look at the geography of our local coastline and learn how it has been formed.

### History

In History, inspired by the up-coming Olympics, we will be delving into the history of ancient Greece and finding out how the Games began.

### English

Year Five will be starting the term with a poetry unit based on Macbeth. They will then be writing a sequel to the Beowulf legend, finishing off with an explanation of why it is important to eat healthily. Year Six will be working on a series of fiction and non-fiction genre for their writing portfolios which will demonstrate their imagination, grammatical knowledge and vocabulary.
