We are going to work towards writing a postcard in role as Little Phil who will be writing to a friend to tell them all about what happened at the beach that day.

To help us to do this, you need to read all of the sentences below with an adult. They're not in chronological order at the moment so does the story make sense? Have a think about the language Phil is using - it's **informal (chatty)** language because he is writing to someone that he knows well.

Now cut out sentences and put them in the correct order. Make sure you you keep checking that you are putting them in **chronological order**! You could ask yourself - is this in the beginning, middle or end of the story? Don't stick anything down until you are sure!

Bonus challenges: Can you find some examples of informal (chatty) language? e.g. you'll never guess what... Can you add a sentence of your own to give some more details about the day?

Maths:

We are using the White Rose maths resources. We have a school subscription so we can continue to access the worksheets - I will add these all to our page at the beginning of the week. Today we are on Summer **Week 10**/Lesson 2. Click on the links below for each year group.

Art: Design a postcard which represents the beautiful area that we live in! Here are some ideas that you could include: St Michael's Mount; Jubilee Pool; Newlyn Harbour;

the Prom; your favourite beach. Use collage, paint, pens or pencils to create your masterpiece!

Bonus challenge: write and address your postcard and send it to someone!

Get Moving: Aim for **at least** half an hour of activity every day (but preferably much more than that!) If you've got any good ideas to share with the class then please let me know!

The thing is, he was really sad. He told us that everyone called him the ugly sharkling so I gave him one of my famous tickles.

As soon as we got to the beach, we jumped straight in to the sea for a snorkel. You know how I love swimming.

I decided to take him to the dentist, so we dressed him up and pushed him all the way there.

You'll never guess what happened to Harry and I at the beach yesterday. We met a shark!

After that, he told us his name was Norman and he took us to his home on a sunken ship.

Anyway, we were having a great time and I didn't even notice that we were swimming right into the path of a massive shark!

When we got there, I gave the dentist a box full of shiny treasure and he said he'd do it!

You'll never believe it but the poor thing had no teeth and fish were poking fun at him.

Then, he told us he ran away from home and that's when I had a bright idea!

Several hours later, we pushed Norman home. He loved his new teeth and wanted to find his family.

Guess what happened after that? He gave us two solid gold shark's teeth!

It was the best day. I wish you could have been there. From Phil.
