Read the story of Digiduck. You can read it or listen to the story on the link above.

Would you believe your eyes if you came face-to-face with a dragon in the forest? Digiduck® finds some amazing animal facts online but is surprised to discover they may need checking. Searching the internet for information can be tricky, so Wise_Owl swoops in with a plan to put everything right.

The aim of the story is to encourage young children to start to think about online content, and help them to understand that what they read or see online might be true, untrue, or someone's opinion.

After you have listened to the story discuss together what Wise Owl tells Digiduck to do when they are feeling unsure about something online.

You could then create a 'Top Tips for Searching Online' poster using Wise Owl's advice from the story. You could also put Wise Owl's advice into a song or poem and record this to create a video to show other family members!
