

## Owls class daily schedule

**Reading:** read for at least 10 minutes every day and talk to an adult about any words that you don't know. Today you could start a list of any new words you learn so we can add them to our word wall. Bonus activity - are they nouns, adjectives, verbs or adverbs?

**Phonics & Spelling:** practise your sounds using the video on the Reading and Phonics page. Think of as many ways as you can of writing the ai sound and write down a word for each one. Don't forget to get an adult to check them!

**English:** invent a new **character** for a story and write a description. Can you use an **expanded noun phrase** like "He has strong, jagged teeth"? Try and use **conjunctions** like and/because in your description and don't forget that all important writing **rubric**!

**Maths:** practise your 2 times table today - there is a song that will help you on the Maths page. You could also use the link to the Hit the Button game for quick fire tables fun or write them down in rainbow colours to help you remember! Try and login to Reflex every day to practise your number facts. **Login: owls20 Password: 1** (Link on maths page)

**Geography:** can you remember the names of the seven continents and five oceans? There are links to the songs we use in school on the Wider Curriculum page (but try by yourself first!) Choose a country from the continent of Africa and do some research about it, using books or the internet, to produce your own fact file. For example you could find out what the climate is like, what animals you might find there, what the flag looks like and what types of physical features it has.

**Get Moving!** Aim for **at least** half an hour of activity every day! See the resources on the Keeping Active page for ideas and today you could practise different types of jumps - tuck, star and straight!
