

English and Communication	Think of a list of adjectives to describe our oceans. Can you put these adjectives into sentences? Think about what you might find in our oceans too.	Write an acrostic poem using the word 'CONTINENT' or 'OCEAN'	Write a newspaper report on one of the five oceans. Think about how a report is structured and what needs to be included.	Keep practicing your spellings. Remember to use the 'look, read, cover, write and check' routine to help you practice. 
Maths and Problem Solving	Practise and learn your times tables. Year 3: 3, 4 and 8 Year 4: All	Look at the price of different chocolate bars in the shop. What different coins or notes might be needed? Can you have a go at paying for something using the correct amount?	Research the distance from Penzance to one of the other seven continents capital cities (for example New York) and work out the difference in distance.	A class spends 40 minutes in a geography lesson every day. In one week at school, how long will the class have spent learning geography? 
Humanities	Research some of the different world's oceans. Where are they? What different animals live in these oceans? Write a fact file using the information you found.	Draw a labelled diagram of the seven continents and label them accurately. 	Draw a labelled diagram of the five oceans and label them accurately. 	Research a list of 5 animals from around the world and draw them onto a world map, showing accurately where you would find them (on which continents?)
Science and the Outdoor Environment	What are your favourite vegetables? Research where vegetables come from. Could you plant your own or try a vegetable you have never eaten before?	Go to the park with an adult or into the garden and see how many different plants you can spot. What is similar/ different to these plants? Can you spot anything all plants need? Draw the plants and take photos – label them.	Create a collage using a variety of different materials to make a map of the seven continents.	Make a colourful poster full of all the living things you might find in an ocean. Make sure you research first. Write what you have found and draw pictures to go with them.

Choose one area of the grid to complete each week for homework. Complete a new task and hand it in on every Wednesday. You can do them in any order and can do more than one each week if you like but try to make sure that you have done at least one from each row. You can always choose how to present your work and can use ICT if you want to. If your homework is not something that you can bring in to school (e.g. going exploring) then ask an adult to sign the section of the homework grid or maybe bring in a photo. Please keep practicing your times tables at home and you can log on to Rockstars to help you! Practise your weekly spellings ready for your weekly test in class and remember to read every day.
