

## Helping at home with Year 1 Phonics

Here you can download the 2018 Phonics Screening Check to practise at home with your child. They will be familiar with reading nonsense words (or “boo” words as we sometimes call them) and should be able to use their phonic knowledge to sound and blend all the words in the test.

Please note that you will need to be familiar with the correct pronunciation (phoneme) for each grapheme (letter or group of letters) in order to support your child with this activity. You can familiarise yourself with these using the link below:

Please also see the sound mats on this page for practise of individual phonemes.
