Hockey

Last Friday, Mrs Dennison and the hockey team travelled up to Marjons University in Plymouth to compete in a large Devon tournament. The team were incredible! They sailed through their first round, scoring 24 goals and only conceding 1! They then faced a tough team in the next round in which they drew. This meant that it was decided on penalties which unfortunately we lost 3-2. It was wonderful day with a wonderful group of children. The standard of hockey was unbelievable and a child was overheard talking to his friend whilst watching Alverton, saying: 'Wow! They're so good. They'll be the team to beat!'. Fantastic! Well done to Roisin, Orla, Morva, James, Charlie R and Josh.

Primary Athletics

On 14th June Mr Hammond and Mrs Petty took a group of children from Year 3, 4 and 6 to Carn Brea to take part in the Penwith Primary Athletics. They took part in a variety of different events including throwing, jumping and running. Despite our team being depleted because Year 5 were away on camp), they did very well and came a creditable seventh out of twelve schools. Well done to them all. Thank you to Mrs Pengelly for helping with the transport.

Sports Days

Thank you to everyone who came along and supported the children on their Sports Days this week and last. We have been so lucky with the weather! The children were fantastic, very supportive of each other and had lots of fun. It was wonderful to see the Year 6 children helping our youngest children in the school.

European Immunization Week

MEASLES

Don't let your child catch it
- get them vaccinated with the MMR vaccine

The number of young people catching measles has risen. It's never too late to be vaccinated. You need two doses of MMR one month apart to be fully protected against measles, mumps and rubella.

It's time to make measles a disease of the past.

If you have symptoms of measles, stay at home and phone your GP or NHS 111 for advice. STAY AWAY from GP surgeries and A&E departments - you could spread the illness to others.

Measles symptoms include: high fever; sore, red, watery eyes; coughing; aching and feeling generally unwell; a blotchy red brown rash, which usually appears after the initial symptoms.
