

AS A PARENT

Alverton Primary School

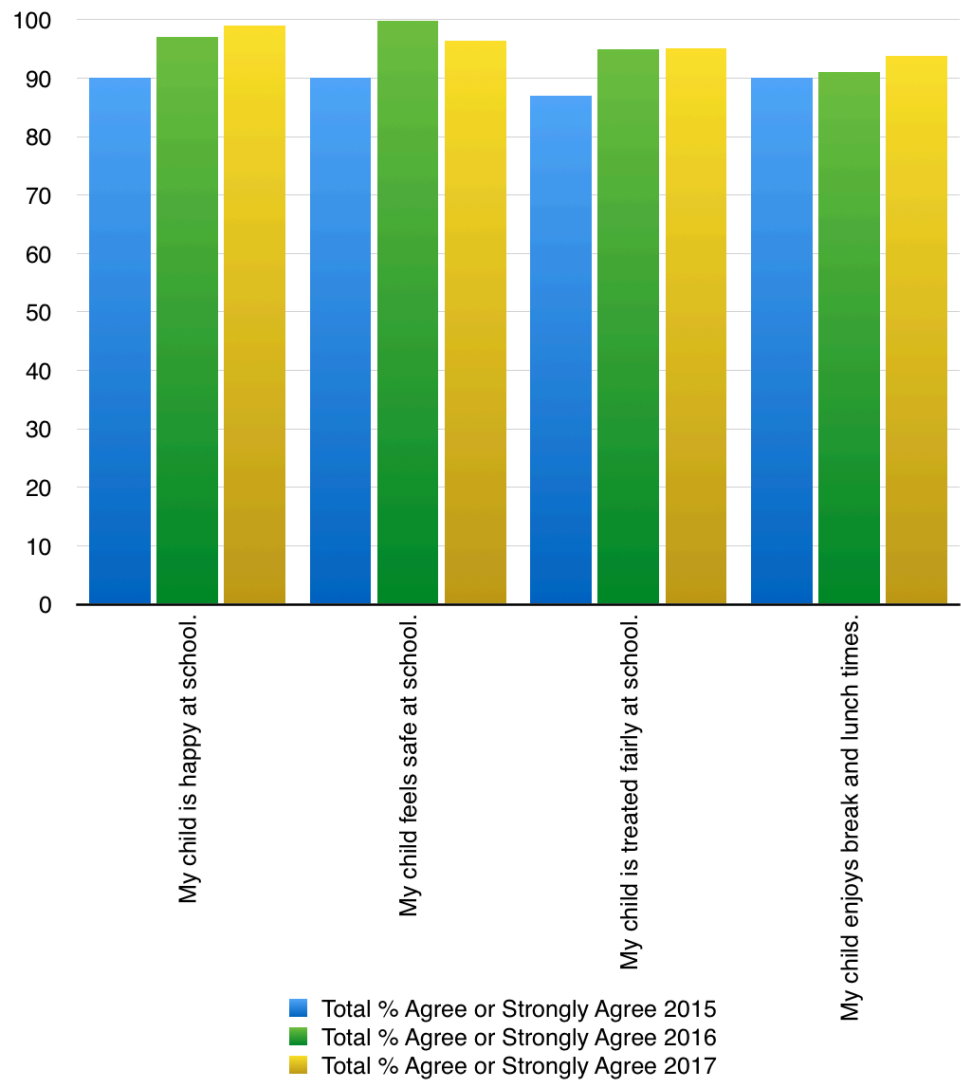

PARENT REVIEW 2017

Parent Guide

Number 19

Each Spring we carry out a 360° self-evaluation review with staff, pupils and parents. The results of this survey help us to measure the progress we are making in a wide variety of areas, it also enables us to set the development goals for the following year. The graphs in this parent guide show the percentage of parents who either agreed or strongly agreed with the statements given in the questionnaire. The 2015, 2016 and 2017 results are shown in order to provide a year on year comparison.
