

Today's News 26.2.21

Good morning Kingfishers,

It's Friday! Well done for completing another week of home learning. Only next week to go before we are all together back in school.

Today is the end of our work on The Black Hat. You are going to put together all your learning from the week to write a description of those magical birds using rhyming words and alliteration. You can turn it into a poem if you want by omitting the 'It was', 'It had' sentence starters. If you want you can type it? Either way be sure to illustrate your writing with lots of lovely bird pictures!

For maths today, we have our end of Statistics quiz. Make sure you read the questions carefully so you know what you are being asked to do. Watch out for the 'how many more' questions and don't forget to look at the Key to find out what to count in!

World Book Day (Thursday 4th March)

Entries for the World Book Day Oscars are now closed. Thanks to everyone that sent in a book review. The shortlist of nominated Year 2 reviews will be revealed at our Zoom today! Don't forget, there are still plenty of ways to get involved in the World Book Day celebrations. Look at the '[World Book Day 2021](#)' page on the Home Learning Section of the website to find out more.

Back to School Countdown!

There are just 6 days of home learning left including today. Do have a look at the leaflet below on 'The Return to School'. I know some of the children are biting at the bit to get back but for some others, the thought of coming back may provoke some anxiety and this has ideas to help.

Reflex Maths and Spelling Shed

18 children played on Reflex yesterday. Well done to all that got their green light. Kingfishers also remain top of Spelling Shed with 20 times more points than Lanyon Class (it was 10 times more yesterday!). We still have 8 of the top 10 spellers too. A fantastic effort!

Fantastic Mr Fox - read by Mr Keast

Four new Fantastic Mr Fox chapters are now available all recorded by our own Fantastic Mr Keast! You can download them below.

Next Zooms

Today - Morning Zoom and Science Zoom.

Don't forget to send me some photos of your learning!

Best wishes,

Mr Dawe
