PARENT REVIEW 2016

Parent Guide

Number 19

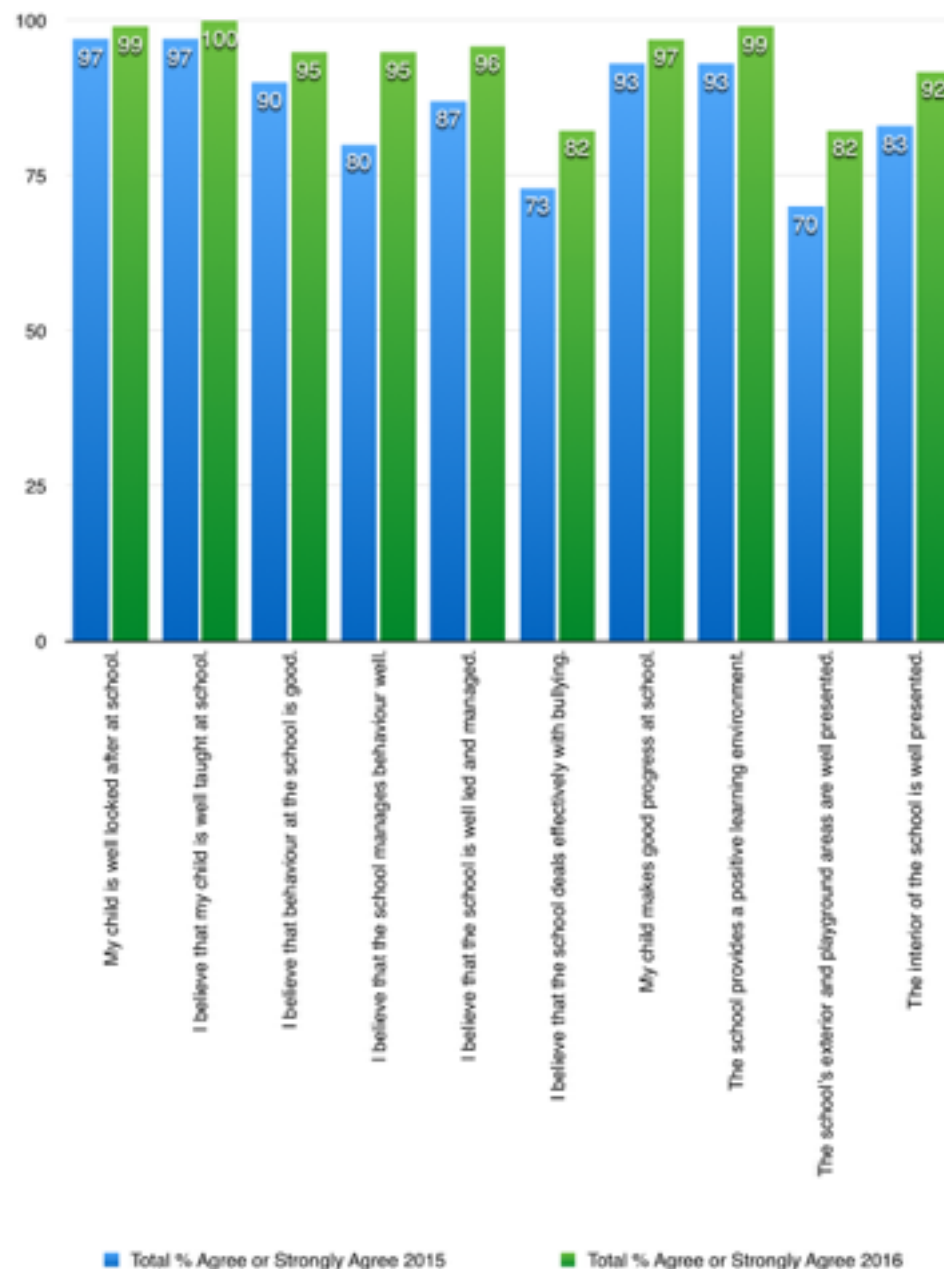

Each Spring we carry out a 360° self-evaluation review with staff, pupils and parents. The results of this survey help us to measure the progress we are making in a wide variety of areas, it also enables us to set the development goals for the following year. The graphs in this parent guide show the percentage of parents who either agreed or strongly agreed with the statements given in the questionnaire. The 2015 and 2016 results are shown in order to provide a year on year comparison. Our thanks go to all parents who took the time to respond to our survey.
