Tom,

You'll never guess what happened to Harry and I at the beach yesterday. We met a shark!

As soon as we got to the beach, we jumped straight in to the sea for a snorkel. Anyway, we were having a great time and I didn't even notice that we were swimming right into the path of a massive shark! The shark had an enormous, brutish body and rough, grey skin. He had a pointed, triangular fin. Then, I noticed his dark, sorrowful eyes. They were empty. He had a ridiculous, gummy mouth. He was toothless! This shark was different to the rest...

The thing is, he was really sad. He told us that everyone called him the ugly sharkling, so I gave him one of my famous tickles. Then, he told us he ran away from home and that's when I had a bright idea! I decided to take him to the dentist.

Several hours later, we pushed Norman home. He loved his new teeth and wanted to find his family. Guess what happened after that? He gave us two solid gold shark's teeth! It was the best day.
